Dear Parents and Guardians:

As part of our registration process for September 2013, we would like to take this opportunity to invite you to a Korah Collegiate Parent and Student Information Evening on Tuesday, February 26th, 2013 at 7:00 p.m. We are holding this information evening so that parents may have the chance to learn more, ask questions, and make an informed decision concerning the 7-8 program. Our team is also planning to make presentations to grade 6 and 7 students in feeder schools during the week of February 11th – 15th, 2013.

We are confident that our 7-8 program will provide an exceptional learning environment for students and we are excited to share the highlights of this program which will focus on some key areas: partial rotary timetables, access to specialty teachers and specialty classrooms, opportunities for students to reach ahead and enroll in grade 9 courses, a strong extra-curricular program including athletics and leadership. The goal of our program will be to create a more gradual transition into secondary school for our students within a fully supervised learning environment.

Please find below, some of the items we will be addressing in our presentation:

- Staff Introductions
- Academic Program/Specialized Classroom Access
- School Facility Highlights
- Outline of the School Day Schedule for Grade 7 and 8 Students
- Teaching and Learning on a Partial Rotary System
- Reach Ahead Grade 9 Credit Opportunities
- Supports for Providing a Gradual and Supported Transition to the Secondary Program
- Extra Curricular Program Offerings
- Supervision Within the School
- Leadership Opportunities
- Bussing Information

We look forward to sharing the highlights of our program with you and answering any questions you may have.

Sincerely,

Sergio Iacoe
Principal
Korah Collegiate and Vocational School
